# REPUBLICANS ROUNDLY INDICTED BY THE DEMOCRATIC PLATFORM

Resolutions Committee Completes Work On Platform After Days of Hard Struggle

LEADERS SEEK CHANGE ON CONVENTION FLOOR

Republican Senators Roundly Condemned For Delaying World Peace Because Of "Envy and Hatred."

Federal Reserve System Liable To Assault by G. O. P. Claim Platform Framers.

(By Associated Press)

San, Francisco, July 2.—Framed after days and nights of struggle, the Resolutions Committee draft of the platform was laid before the Democratic National Convention today for adoption.

Further conflict in the forum of the convention itself was certain. Irish sympathizers among the delegates served notice of their purpose to seek to have that plank rewritten to include a flat declaration for diplomatic recognition of the Irish republic.

Decisively defeated in his effort to force a bone dry declaration, W. J. Bryan announced his purpose of renewing the battle on the floor. The committee platform was silent on prohibition enforcement.

A wide range of subjects were treated, including agriculture, labor, soldiers' relief and a score more domestic questions.

Foremost among the planks is an endorsement of the League of Nations and condemnation of the republican Senate for having interposed "partisan envy and personal hatred" in the way of world peace.

The President's stand against "reservations designed to cut to pieces the vital provisions of the Versailles treaty" was approved. But coupled with a declaration went the statement written in after a prolonged struggle that the democratic party did not oppose reservations "making clearer or more specific the obligations of the United States to the league associates."

The Irish plank, center of hours of committee dispute, was brief. It merely renewed "within the limitations of international comity and usage" previous expressions of the democratic party of sympathy with Irish aspirations for self government.

The Armenian plank also expresses sympathy but was silent on the question of acceptance by the United States of a mandate over that country.

Among other national subjects touched upon was non-admission of Asiatic immigrants. Support was pledged to states where enforcement of that policy was of particular concern.

The Mexican plank asserted that the administration, remembering Mexico was an independent state, had been "unwilling either to profit either by the misfortunes of the Mexicans or enfeeble their future by imposing from the outside a rule upon their temporarily "district councils." Order was gradually reappearing there, it added.

## LOSING OUT IN RACE FOR NOMINATION

Secretary of Agriculture E. T. Meredith.

Secretary of Agriculture, E. T. Meredith, a few days ago prominently mentioned for the Democratic choice, has been losing ground. However, conventions do some unexpected things, and Meredith is said to have the backing of prominent leaders, including Wm. J. Bryan.

## FIRST BALLOTING MAY COME TONIGHT

New Jersey Man To Offer Wet Plank As Amendment And Bryan To Follow With Dry Plank As Substitute

AUDITORIUM, SAN FRANCISCO, JULY 2.—(Associated Press)—All set for the battle of the wets and dries the Democratic National Committee assembled this morning with everything ready for a battle royal. The first skirmish of the fight was said to come on the submission of a wet plank by James R. Nugent, New Jersey, and a dry plank by William J. Bryan.

There was little prospect for balloting for a nomination before tonight, if then.

Mr. Bryan and Mr. Nugent discussed the order of their recognition with Chairman Robinson and it was arranged that after the platform had been placed before the convention Nugent would first offer his wet plank as an amendment and Mr. Bryan would offer his dry plank as a substitute.

## FAIR PRICES FOR CLOTHING FIXED IN OHIO

Average Profit Allowed is 33 1-3 Per Cent Says Pfeifer

(By Associated Press)

Columbus, O., July 2.—The first definite move on the part of the Ohio Fair Price Commission occurred to-

day when a fair price list covering 13 lines of wearing apparel was promulgated.

The list, Commissioner Pfeifer declares, provides for profit 35 percent lower than in any other states in the Middle West. The schedule provides profits ranging from 25 percent on children's cotton hose to 45 percent on women's millinery.

The general percentage of profit allowed is 33 1-3 percent.

### RIFLES SEIZED IN DONEGAL

Dublin, July 2.—The police seized 500 rifles and a large quantity of ammunition in the Stranorlar district of Donegal.

## RACE IS ON TO OBTAIN SUFFRAGE FOR WOMEN

Democrats and Republicans Redouble Efforts to Gain Favor and Feminine Vote

Connecticut and Tennessee Being Prodded by The Party Leaders.

(By Associated Press)

Washington, July 2.—A race between the Democratic and Republican parties for the honor of enfranchising the women of the nation in time for their participation in the November election today appeared probable.

The two parties, the indications were, would work through legislatures in which each has a majority—the Democrats through Tennessee and the Republicans through Vermont.

Governor Clement of Vermont, after a conference here with Senator Harding intimated he would call the Vermont legislature in session to act on a ratification resolution.

The Tennessee legislature will be called to meet August 9th, Governor Roberts informed the national women's party last night.

## HARDING WILL MAKE LONG TRIP IN AUTOMOBILE

## EXPECT 25,000 AT HOME COMING

(By Associated Press)

Marion, O., July 2.—Arrangements have been completed for caring for 25,000 out-of-town visitors expected here Monday to participate in the home coming celebration for Senator Warren G. Harding.

The Marion Civic Association, estimated today 100,000 people also will come for the notification ceremonies July 22.

Churches, schools and public halls are to be fitted up with sleeping accommodation and many tents have been obtained.

The Civic Association promises no profiteering. Rates they said would be \$1.50 to \$2 per day.

Platform Presented Contains 5,000 Words And is Read By Secretary Glass.

Bryan Has Minority Report On Five Planks Ready to Offer

Another Minority Report On Soldiers' Relief Ready.

(By Associated Press)

Auditorium, San Francisco, July 2.—At 10:40 o'clock the long awaited report of the Platform Committee was formally brought before the Democratic National Convention and read by Chairman Glass of the Resolutions Committee. It was the opening business of the day's big fight.

W. J. Bryan was waiting to offer his minority report on five planks.

Galleries and delegates listened attentively and interrupted the opening references to President Wilson with handclapping and cheering.

At the point where the platform declared for the league of nations Senator Glass put the emphasis on the word "the" and the convention stood up and cheered for a full minute while the band struck up another rollicking tune.

Senator Glass began reading at the rate of 50 words a minute. The platform exceeds 5,000 words. Without interruption by applause the reading would continue one hour and forty minutes.

Another minority report on soldiers' relief was to be presented.

## GENERAL WOOD WILL SUPPORT SEN. HARDING

Will Do Everything Possible To Insure His Election Says Republican Leader.

Will Call On Harding at Marion Ohio Home.

(By Associated Press)

New York, July 2.—A half hour conference today between Major General Leonard Wood and Will H. Hays, republican national chairman, caused a flurry of excitement in the offices of the party headquarters when a report came through the closed doors of Mr. Hays' office that more than passive support of the Harding campaign had been offered by the General.

General Wood will do everything consistent with his position as an army officer to further Harding's election, one of the executives of the campaign announced while the interview was in progress.

The report that the General had enlisted whole heartedly in the Harding cause was strengthened when it was learned that he was planning to call on Senator Harding within a few days at the latter's home in Marion, Ohio.

## FIGHT ON CONVENTION FLOOR EXPECTED TO BE BITTER FROM START

Long Drawn-Out Session Anticipated When Convention Comes To Order Friday Morning.

BRYAN BEGINS FIGHT ON CONVENTION FLOOR

Commoner Wants A Platform "So Dry No Wet Can Run On It."

McAdoo Supporters Are Making Claims For Fifth Ballot

(By Associated Press)

San Francisco, July 2.—A day behind schedule and with the hardest and most important of its work still ahead, the Democratic National Convention resumed this morning at 10 o'clock to hear the reports of the Platform Committee and face the inevitable fight over prohibition, as well as probable fights over the league of nations and the Irish question.

Midnight efforts to compose the differences over the wet and dry issue in the Platform Committee failed after prolonged hours of argument, acrimony and oratory, and it was announced finally that all proposals to include any kind of a prohibition plank had been beaten by decisive vote, and that the question would be brought to the open floor of the convention.

Last night's disappointed crowd, which had packed the great auditorium keen for the spectacle of William J. Bryan setting off the fireworks, trailed back to the convention floor hall again today, determined not to be cheated out of the show by delays.

Under the program agreed upon, Mr. Bryan will present his side of the question in a speech limited to thirty minutes, and Bainbridge Colby, Secretary of State, will present the committee managers' side in another thirty minutes.

That arrangement, however, does not by any means confine the discussion to one hour. Any number of persons desiring to speak may do so. In view of Mr. Bryan's well known fighting spirit, and his demonstrated staying qualities, no one is bold enough to predict that the fight will be a short one.

Bryan's announced determination for "a platform no wet can run on" assured a prolonged struggle; and even though predictions of administration forces that they would be able to "choke Bryan off" were to be fulfilled, there was no prospect that they would be carried out quickly.

With these prospects, the convention faced the possibility of a program today that might carry it far into a night session, after probably a brief recess for dinner.

Whether the floor battles could be ended in time to take up balloting before the convention would have to quit from sheer exhaustion was a question.

The McAdoo boomers took advantage of the interruption of the program to continue strengthening their lineup. There were intimations of the convention being packed, with an eye to the possibilities of a stampede.

Cox forces, while sure of their delegates standing firm, acknowledged that they had not been fortunate in making accessions. The McAdoo boomers predicted nomination for him on the fifth ballot.

## BRING UP AUTO WITH SKELETON AT THE WHEEL

Victim of 1913 Flood Dredged From The Miami River At Hamilton.

(By Associated Press.)

Hamilton, O., July 2.—A drag line dredging out the Miami river in the flood prevention program today brought from the bed of the river an automobile with a skeleton at the wheel.

The machine was evidently of the 1912 model and three tires were fully inflated.

It is believed the machine and occupant were in the flood of 1913. The car had an Ohio license number of 14,296.

# CALL A HALT ON SUGAR BONUS PLAN

Having received several complaints that local grocers were doling out sugar on the bonus plan, that is, allowing the purchaser to buy a quantity of sugar only when a certain amount of other groceries were purchased, the local Fair Price Commission Thursday handed down a decision against this method of procedure.

According to J. C. Anderson, the chairman of the Ross County Fair Price Commission, the state commission has advised, this is in direct opposition to the ruling of the Department of Justice, and must be discontinued at once. All dealers are warned to stop the practice.

The local Fair Price Commission has issued the following bulletin: "We call upon the handlers of sugar and other necessities, the law abiding merchants, to co-operate with the board in carrying out the provisions of the 'Lever Act.' Those who wilfully disobey it will be turned over to the Federal authorities."—Chillicothe Gazette.

## KILLED HIS FATHER AND THEN STOLE \$17,000 IN BONDS

Highland County Man Is  
Held For Murdering Fa-  
ther, James Gotherman.

Father's Body Found in Bed  
Where it Had Been For  
Fully Three Months.

Russell Gotherman is being held in

Highland county after his arrest in Dayton, for the murder of his father, James Gotherman, who was found dead in his home in March with a bullet in his forehead, and who evidently had been dead for three months.

The son had been under suspicion for some time and it was not until this week that he was placed under arrest and taken to Highland county to face the charges of murdering his father and stealing upward of \$18,000 in Liberty Bonds. The charge accuses the young man of first degree murder, committed on or about December 1, 1919.

A dispatch from Dayton concerning the arrest of Gotherman in that city says:

"When arrested the youth had in his possession \$17,400 in Liberty Bonds. He admitted to police he took the bonds after killing his father also \$400 in cash which he has since spent. He was taken to Hillsboro and placed in the Highland county jail.

"Confessing to the crime young Gotherman said he and his father quarreled over cattle and when his father threatened to shoot him a struggle ensued. A shot was fired and the elder man fell dead. The boy was entirely without emotion in telling of the deed."

### REPUBLICANS

(Continued From Page One.)

The platform doubly indicted the republican Congress and warned of an impending assault upon "vital principles" of the Federal Reserve system in the event of a republican victory in November. The financial plank condemned "the pernicious attempt of the republican party to create discontent among the holders of the bonds of the government, and to 'drag our public finance and our banking and currency system back into the arena of party politics.'"

Failure to enact tariff revision measures through "sheer political cowardice" also was charged.

A section devoted to "republican corruption" discussed the "shocking" disclosures of the lavish use of money by candidates for the republican

presidential nomination and the conviction of a republican senator from Michigan charged with violating campaign expenditures.

## We Hope Not

It is rumored that the republican nominee for president, Senator Warren G. Harding, may abandon his plan to remain at his home in Marion, Ohio, during the coming campaign receiving visiting delegations at his home, speaking to them from his own front verandah and consent to make a speaking tour of the country in the interest of his party.

Some of these rumors are to the effect that Senator Harding is already wavering, as the importunities of those who would have him "take the stump" increase in number and volume.

We sincerely hope that all such rumors may prove to be unfounded. The country has had quite enough of these political campaign tours, for a while at least. The great majority of the people were congratulating themselves that Senator Harding was going to conduct a quiet, dignified campaign and remain at his home.

There is something about the speaking tour of a candidate for president that does not appeal to the people favorably. There seems a sort of jarring note in it somewhere.

In addition to all that, however, Senator Harding is not an ideal "stump speaker." He is reserved and polite and kindly in disposition and manners and it is likely that he would not further either his own or his party's cause by engaging in a rough and tumble oratorical contest with political opponents.

## Council Should Act

Now that we understand, from the opinion of City Solicitor Junk, the rights of the city regarding the construction and maintenance of, at least passable railroad crossings within the city limits, better conditions may be expected in the very near future.

It is inconceivable that council will allow the present abominable and dangerous crossings to remain longer than the time required to enact the necessary legislation to force the B. & O. Railroad to regard the rights of the public.

We may expect, confidently, that the city council will, at the first regular meeting, pass the necessary legislation to bring relief from conditions which have long been intolerable and a positive menace to the users of the highways.

We have been (and that we includes council too) quite a while finding out just what our rights were but now, since we know, the city's usual promptness and energy will assert itself in characteristic result-producing manner.

## Your Battery is No Better Than the Care it Gets

Contrary to your belief, perhaps, the life of your storage battery is not dependent altogether on how good it is built in the first place, but more on the care it receives after it becomes your property.

The builders endeavor to build a battery which will give a definite period of service, and with a good many of them they succeed, if the battery is well taken care of.

That's our business—making the battery serve you as long as the builder intended it should. Any time you desire we will give you gravity and voltage tests, inspect your connections and water your battery. And in case you need repairs of any sort for any make of battery, you will find us just as good, possibly a little better, than the average, and surely you will find that our charges are no greater

## HIGH SCHOOL BOYS HAVE ORGANIZATION FOR WIRELESS CLUB

Under the direction of A. C. Kister of the Y. M. C. A., seven high school boys have formed a wireless club and have organized with a view to promoting wireless interest in this city as is being done in some of the larger places under the guidance of the Young Men's Christian Association.

The boys associated together are Ervin VanWinkle, Ray Snider, Warren Baker, Loren Stewart, Thomas DeWees, Miles Masters and Justin Evans.

Equipment for a complete wireless outfit has been ordered and is soon to arrive. The members of the wireless club are to set up the apparatus on the roof of the "Y" and to install all paraphanelia connected with the project.

When the wireless outfit has been put into operation the boys expect to give the club a name and to enter into the scheme on no small scale. Both sending and receiving machinery will be included.

This is the first movement on the part of anyone to set up a wireless station since the war when the government ordered all wireless apparatus dismantled.

## THROWN BY HORSE LUNGS PIERCED BY BROKEN RIBS

His lungs pierced by broken ribs, Bert Vince, well known farmer of the Reynolds road between the Jasper and Plymouth pikes, is in a serious condition as a result of being thrown from a horse about three o'clock Thursday afternoon.

Mr. Vince and his little son, about four years old, were riding over the farm horseback when the animal scared and fearing for the safety of the child the father threw the boy on a grassy bank. Not being able to control the horse, Mr. Vince was himself thrown and two ribs under his arm on the left side were broken piercing his lungs.

Hemorrhages resulted immediately and medical assistance was summoned from this city. His condition is regarded as serious and he is said to be threatened with pneumonia.

## COULD NOT EAT A SOFT BOILED EGG

Stomach terribly deranged—living on liquids; bowels constipated circulation so poor his lips and nails got blue.

Wife states that Dreco helped him from the start, and now he can see eat most anything.

"My husband was in such a weakened condition and his stomach was digesting so poorly that he could not even eat a soft-boiled egg. That was two weeks ago, but today he can eat eggs and anything and enjoy them," are the words of Mrs. W. H. Brown, of 308 Seventh Avenue, Tiffin, O.

"He is 63 years old and his blood circulated poorly. His lips and finger nails turned blue, and his hands and feet grew cold. His stomach was full of gas whether he ate or whether it was empty; his bowels were constipated, and rheumatic pains would shoot through his back, arms and limbs, and dizzy spells often struck him.

"Dreco helped him from the very beginning, the first few doses eased his stomach and stopped the gas; soon his bowels began to act daily, the pains left his back and limbs, and his lips looked like a piece of red flannel. He eats well; gaining strength daily never gets dizzy and sleeps sound ever night. Dreco has done Mr. Brown a lot of good and we praise it to every one."

All good druggists now sell Dreco and it is being especially introduced in Washington C. H. by Frank Christopher.—Adv.

## MANY FARMERS CUTTING WHEAT

Several farmers of Fayette opened their wheat fields Thursday with the preparations for harvesting the crop this week or the first of next. Wheat cutting actually started in the Good Hope neighborhood but was held up Friday by the rains.

Many are of the opinion that the wheat through the southern sections of the county is more advanced than the fields north of this city and has ripened a day or two ahead although wheat harvest will be almost a concerted action all over Fayette.

Next week will see wheat cutting in full swing.

## SPEEDSTER DRIVEN TO TOLEDO RACES

Howard DeWitt, driving his sixteen overhead valve Ford speedster, left Thursday morning for Toledo where he is entered in the two-day racing program, July 4th and 5th.

Accompanying him were Jack DeWitt, Smith Mace and Doan Powless, who will take care of the machine and look after the machine. Howard DeWitt is to drive the car in the races.

After breaking a drive shaft in the trials at the Columbus Driving Park races two weeks ago and throwing the speedster out of the races the machine was immediately entered in the Toledo races and several events were scheduled. Since the Ford has been overhauled by a Columbus mechanic it is said that it can develop a speed of almost one hundred miles per hour.

Local racing enthusiasts expect the DeWitt car to cop first prize in at least one of the events at Toledo next Sunday and Monday afternoons.

## BAINBRIDGE HURLER SIGNED FOR SERIES

With two of the greatest baseball games of the year booked for next Sunday and Monday in this city the Washington Athletics have secured another pitcher who will work in one of the two games that have been arranged with the Potters Club of Cincinnati and will give Sammy Marks, of Frankfort, who has been pitching for the Bainbridge club, another try on the mound.

The Athletics management has not announced what game Marks will work in but it will probably be the Monday holiday contest with Lord Morris working in the Sabbath truce. Marks was given a try-out against the Golden of Cincinnati several weeks ago but was taken out after he had exhibited a streak of wildness that was second to none. He had a world of stuff but was unable to put it over. It was learned that he had pitched six or seven innings on Saturday and was probably out of condition.

## NO ICE DELIVERY ON NEXT MONDAY

Fill up that ice box next Sunday. George Sunkle of the Washington Ice Company announces that there will not be a delivery of ice in this city Monday, July 5th, but that the wagons will make their regular routes on Sunday. For this reason customers are advised to lay in a full supply.

With the firecrackers and noise producing elements of the Fourth drivers have much trouble with their teams, says Mr. Sunkle and for this reason there will be no delivery.

# COUNTY CENSUS FAYETTE SCHOOL YOUTH COMPLETE

1920 Enumeration Shows Substantial Gain Over the Count Taken Last Year.

Washington Court House Increases From 1724 to 1800; Jeffersonville and Jefferson Township Districts Lose.

By the enumeration of the school youth just completed it is shown that the number of persons of school age in Fayette county has made a substantial increase during the last year, one partly to the greater agitation in all school districts that the children attend school and also to the careful work which formed the count. Figures at the County Auditor's office just filed by the enumerators made the total number of youth of school age in Fayette county, 5,322, in comparison with 5,060 in 1919.

Of these 2,766 are males and 2,556 are females.

Jeffersonville school district and Jefferson township are the only units in the county to show a decrease, while all others have gained.

The number of school youth in Washington Court House is an even 1800 compared with 1724 a year ago.

The 1920 count by districts follows: Concord township, 174; Green, 182; Jasper, 249; Jefferson, 311; Madison, 280; Marion, 112; Paint, 261; Perry, 148; Seiden school district, 191; Union, 507; Wayne, 418; White Oak school district, 79; Bloomingburg school district, 299; Jeffersonville school district, 242; Milledgeville, 69; Washington C. H., 1800.

The 1919 enumeration by districts was as follows: Concord township, 149; Green, 163; Jasper, 230; Jefferson, 334; Madison, 269; Marion, 105; Paint, 222; Perry, 146; Union, 491; Wayne, 383; Bloomingburg, 245; Jeffersonville, 289; Milledgeville, 67; Washington C. H., 1724.
